CAREER OBJECTIVE

Aspiring computer engineer specializing in Artificial Intelligence (AI) and Machine Learning (ML), with a strong foundation in Artificial Intelligence and Machine Learning, and software engineering. Seeking to leverage advanced technical skills and innovative problem-solving abilities to contribute to cutting-edge AI and ML projects. Aiming to drive impactful solutions in a dynamic and growth-oriented environment, where I can apply my knowledge to real-world challenges, enhance system intelligence, and contribute to technological advancements.

EDUCATION

Presidency University , Karnataka, India	2021-2025
Bachelor of Technology in (Computer Engineering in AI and ML)	CGPA :5.88
Narayana Junior College , Andhra Pradesh, India	2019-2021
M.P.C	Percentage: 88%
Infant Jesus High School , Andhra Pradesh, India	2018-2019
SSLC	Percentage: 88%

SKILLS

- **Languages:** Python, SQL
- **Web Technologies:** HTML, CSS, MYSQL
- **Tools:** Visual Studio Code

PROJECTS

- **GEM-Product-Price-Comparision**

This project aims to develop a price comparison solution specifically for comparing the prices of products listed on GeM (Government e-Marketplace) with those available on other popular e-commerce platforms like Flipkart, Amazon, etc. The solution collects product pricing data using web scraping techniques, APIs, and data analytics, enabling users to compare prices across multiple platforms. The project aims to help users find the most cost-effective options for goods and services, ultimately contributing to efficient procurement decision-making in government operations.

PERSONAL DETAILS

- Name : J Abhinay Reddy
- DOB : 9-03-2003
- Gender : Male
- Father's Name : J Narayana Reddy
- Mother's Name : J Lalitha
- Address : Rajanukunte, Bengaluru, Karnataka(560064)
